

You have access...

Business, Management & Strategy eJournals

This collection gives you invaluable insights into practice, research and real-life business scenarios to help you as a manager in today's hectic world. The collection covers a wide range of disciplines and provides insights into both conventional management and radical innovation. This is one of our largest collections with 55 titles, it's also our most popular. Key titles include Management Decision, (Emerald's first journal, founded back in 1967), and Cross Cultural & Strategic Management, which provides cutting-edge research on all aspects of global management.

HR, Learning & Organization Studies eJournals

The journals in this collection feature only the most topical studies by thought leaders in global Human Resource Management. This approach is definitely proving popular with the community... the collection received more than 4.6 million downloads in 2018. Authors include Sir Cary Cooper CBE of Manchester Business School (UK), Gary N. Powell of University of Connecticut (USA), and Michele K. Kacmar of Texas State University (USA).

Operations, Logistics & Quality eJournals

With comprehensive coverage of the latest developments in Operations, Logistics and Quality Management, this portfolio is indispensable to professionals in the field. Articles in this collection were downloaded 3.1 million times in 2018 and article submissions are closely mapped against research trends to ensure published content reflects areas of current or rapidly emerging interest.

Marketing eJournals

This collection of 23 journals has been capturing key developments in Marketing theory and practice for more than 50 years. The globally recognized authors include Philip Kotler, Jagdish Sheth and Christian Grönroos. With over 5 million downloads in 2018, the collection unites quality and relevance, making it an extremely useful resource for anyone working in marketing.

Access to Emerald content provides on-demand research and evidence to help you make informed decisions in the work place. With an easy search facility, you can get quickly to the information you need. All content is curated by leading academics in their field and is well trusted.
